

Net Metering Service – Meter Aggregation Request Form

Southwest Arkansas Electric Cooperative Corporation REA Aggregation Requirements:

- a. The net-metering customer must give at least 30 days’ notice to REA via receipt of this completed form.
- b. The additional meter(s) and the designated meter must be 1) identified at the time of the request, 2) under common ownership, 3) in REA’s service territory, 4) used to measure only electricity used for the net-metering customer’s requirements, and 5) located on customer’s premises.
- c. In the event that more than one of the net-metering customer’s accounts are identified, the net metering customer must designate the rank order for the accounts associated with the additional meters to which excess kWh is to be applied. The net-metering customer cannot designate the rank order more than once during Southwest Arkansas Electric Cooperation Corporation REA’s annual billing cycle (January through December billing months).
- d. The net-metering customer’s accounts associated with identified additional meters are not required to be for the same class of service.
- e. An additional meter can be assigned to one, and only one, designated net-meter. An additional meter cannot be an unmetered service. An additional meter cannot be classified as a designated net-meter account.
